### Green Studio

From cabinets and bookshelves to tables and chairs, OVOstudio now offers soulful green choices. The studio is now in collaboration with Belgian solid wood furniture store Ethnicraft, to have its premises transformed into a 'green-living' boutique. Sourced from well-managed European forests, all oak wood used by Ethnicraft is certified by the PEFC Council. All handcrafted productions at the Belgian enterprise are also certified by the Forest Stewardship Council, guaranteeing the use of wood that is 100 per cent reclaimed. ### Live Shed

Designed by Thomas Heatherly, the Live Shed is a modular system of planters that can be used to create a variety of different shapes and sizes. The planters are made from recycled plastic and are designed to be used in a variety of ways. They can be used to create a raised bed, a planter box, or a large-scale garden. The Live Shed is a versatile and sustainable solution for growing plants in an urban environment. [www.thomasheatherly.com](http://www.thomasheatherly.com)

### Digital Tigers

The Digital Tigers project is a collaboration between the University of Cambridge and the University of the West of England. The project is a digital art installation that features a large number of digital tigers. The tigers are created using a combination of digital art and physical sculpture. The project is a response to the digital art movement and is a celebration of the digital age. The Digital Tigers project is a unique and innovative work of art that is a testament to the power of digital technology. [www.digitaltigers.com](http://www.digitaltigers.com)

### Eco Farm

Created by the 2008 Hong Kong Green Week, the Eco Farm is a digital art installation that features a large number of digital tigers. The tigers are created using a combination of digital art and physical sculpture. The project is a response to the digital art movement and is a celebration of the digital age. The Eco Farm project is a unique and innovative work of art that is a testament to the power of digital technology. [www.ecofarm.com](http://www.ecofarm.com)
